WORK EXPERIENCE

Frontend Developer

January 2025 - May 2025

Slooh

Chennai, India

Integrated APIs for real-time satellite data, redesigned the telescope selection interface, and implemented Redux to replace hardcoded data with dynamic state-driven components.

Junior Full-Stack Developer

August 2024 - December 2024

Agraga

Chennai, India

Designed and maintained Agraga's logistics platform using React.js and REST APIs for advanced functionalities. Leveraged Git and AWS for reliable, scalable deployments. Automated route optimization and real-time booking processes to enhance client experience.

Associate Developer

August 2021 - July 2024

Blue Moon Fibre Tech Private Limited

Chennai, India

Designed and developed full-stack applications for FRP/GRP tank design calculations, ensuring compliance with industry standards. Monitored application performance and managed issue tracking to maintain smooth operation.

EDUCATION AND TRAINING

Carinthia University of Applied Sciences (FH Kärnten)

October 2026 - 2028

Master of Science in Engineering (MSc) - Systems Design

PRIST University, India

August 2017 - July 2021

B.Tech. - Electronics and Communication Engineering
